TERRIFIC STORM HITS WASHINGTON

National Capital Is the Scene of One of the Worst Winds in Years—Kills Many, Injures Property and Demolishes Many Buildings—Property Loss Will Be Heavy

TO DIE IN COLLAPSING OF A BUILDING

Lightning Tears Holes in the Roofs of Government Buildings—Four Painters on National Dome Have Narrow Escape—An Immense Crowd at Baseball Game on Verge of Becoming Panic-stricken by the Storm—Rescue Parties Begin Work at Once

Washington, July 30.—Several persons are known to have been injured by small buildings being demolished by a terrific wind, rain and hail storm which swept Washington late today. Wind blew 72 miles an hour and more than one and one-half inches of rain fell in an hour.

After E. Hilton, vice president of the local real estate company, and one unidentified man, were killed during the storm here today in the collapse of a building.

Four painters working on a swing-scaffold atop the dome of the Capitol, were caught there in the gale, and were rescued by a party of men who reached the dome in time to save them from their perilous position.

As the storm cleared, reports of unroofed and demolished came to the police but without definite information of loss of life or injury. An immense crowd gathered at the Washington-Detroit game, was caught in the rain.

Telephone operators abandoned their switchboards in panic. Cool heads kept the crowd at the baseball park from starting a panic. One house was wrecked in the northwest section of the city. A woman and three children took refuge in a large refrigerator and escaped injury in the ruins.

Several persons were reported slightly injured in the wreck of another demolished building. The penitentiary, postoffice and other government buildings had large holes torn in their roofs by lightning.

When the thunderous hail storm struck, the noise in the senate chamber was so great that a recess was ordered. It was in the midst of a roll call for a quorum. So loud was the noise that Senator Kern, with his hands to his mouth, ran to the rostrum and had to shout his motion for a recess.

Vice President Marshall, shouting to a group of senators standing near the dais, asked:

"Is there any precedent for senate roof falling in?"

The temperature almost instantly dropped forty degrees.

of Porfirio Diaz and spoke at length of the downfall of Madero and the rise of Huerta. The committee was disposed to let the ambassador tell his story in his own way and for more than two hours he continued an almost unbroken narrative, interrupted only occasionally by a question from some senator. Extraordinary injunctions of secrecy were placed on all senators in the conference, but it was evident that the committee was listening attentively and that no disposition to cross-examine the ambassador developed, at least during the first part of the conference.

Later, and after the luncheon conference, the committee decided not to continue the hearing tomorrow. Senator Bacon said Ambassador Wilson would not be heard further for the public. It is understood the committee may not recall him, but may accept his statement as made today.

Ambassador Wilson advocated a recognition of the Huerta government, but the senators took no action. The details of his plans were not divulged at the time, but some of the Republican senators said the ambassador had made a favorable impression, not necessarily as to his plan, but as to his whole story of the events in Mexico.

Chairman Bacon announced at the conclusion of the meeting that the committee had been unable to finish with Ambassador Wilson and that he would be heard again tomorrow. Senator Hitchcock, Democrat, said he had been "very favorably impressed." Senator Shively said the ambassador had made an interesting statement of his connection with Mexican affairs. Senator William Allen Smith said he had been highly impressed with the "candor, thoroughness and character" of the statement.

Ambassador Wilson declined to make any statement, declaring he was under an oath of secrecy with the committee. He turned over a mass of documents to an employee of the state department and went to lunch with members of the senate committee.

At the conclusion of a three-hour examination, members of the committee said the ambassador had been asked in detail as to his own connection with the downfall of Madero, but they insisted his presentation of facts and his connection with them had been "favorably received."

The ambassador expressed his own opinion in favor of recognition of the Huerta government, but the proposal did not meet approval from the majority of the committee. Before Mr. Wilson finished his story, Senators led him through a rigid cross-examination. Republican senators declared the ambassador had made a "favorable impression."

The committee took no formal action on any phases of the Mexican situation. No program of American action was outlined, further than the suggestions of Ambassador Wilson for a restricted recognition of the Huerta government. On this, the committee did not act.

Diaz En Route to Japan.
San Diego, Cal., July 30.—Before his departure this afternoon for Los Angeles, General Felix Diaz, special envoy of Mexico to Japan, announced that he would visit other Pacific coast cities on his way north to Vancouver, B. C., whence he will sail for Yokohama, August 13.

THE PLEASURE IS NOT ALL THE TOURIST'S.

SEARCH FOR MURDERERS

Chicago Detectives Unable to Develop a Clue That Would Solve the Mysterious Death of Fourteen-Year-Old Boy.

Chicago, July 30.—Detectives today continued their search for the murderers of Benjamin Holstein, 14 years old, whose body, bound and gagged, with a bullet hole in the head, was found last Monday in a lonely spot in Morgan park. The investigation apparently has developed no new clues of importance.

Beauford Slaughter, a negro, 15 years old, who was arrested last night, was questioned today, but discharged as the police were convinced that he knew nothing of the murder.

Paul Clements, 18 years old, under arrest at Rock Island, has no connection with the Holstein murder, according to the police, as he was locked up at the time the murder was committed.

Rube Benton is injured.
Cincinnati, July 30.—"Rube" Benton, star pitcher of the Cincinnati National league baseball club, was probably fatally injured in a motorcycle accident in Walnut Hills, a section of this city, early this morning.

Benton's motorcycle collided with a Madison Road car. At the Cincinnati hospital he is said to have sustained a fractured jaw, concussion of the brain, bruises and internal injuries. It is thought he will die.

Benton had not regained consciousness up to 5 o'clock this morning. He was on his way home when the accident occurred. Some witnesses said he was going at high speed, that he lost control of the motorcycle and ran into the car. Others said the car ran into Benton and that the motorist was at fault. The collision was head-on and Benton was hurled to the street at terrific force.

Benton later recovered consciousness and physicians then said that while his condition is dangerous, yet it is not as critical as at first thought. Benton suffered a double fracture of the jaw, concussion of the brain and multiple bruises, but the physicians believe that he was not internally injured.

Even should be ultimately recover, the physicians hold out no hope of his being able to play ball again this season.

Real Estate Transfers.
Real estate transfers have been placed on record in the county recorder's office as follows:

Roy W. Stone and wife to Emil Stone, part of the northeast quarter of section 20, township 6 north, range 1, west of the Salt Lake meridian, consideration \$1.

Emil Stone and husband to Roy W. Stone, a part of lot 7, block 66, plat C, Ogden survey; consideration \$5.00.

J. B. Foulger and wife et al. to C. C. Rasmussen, a part of lot 10, block 24, plat A, Ogden survey; consideration \$1,550.

SUFFRAGIST SENTENCED

Mrs. Edith Rigby, the Militant Must Serve Nine Months at Hard Labor For Causing \$100,000 Fire

Liverpool, July 30.—Mrs. Edith Rigby, a well-known suffragette, was sentenced today to nine months hard labor for setting fire to the country residence of Sir William H. Lever, at Rivington, Lancashire, on July 8, and causing damage estimated at \$100,000.

The prisoner is the wife of a prominent physician. She admitted her guilt and also confessed to a bomb outrage in the Liverpool cotton exchange on July 5.

WHITE SLAVE CASES BEGIN

San Francisco, July 30.—Maurey Diggs and Drew Caminetti, both young men of social prominence, pleaded not guilty today before Judge Van Fleet, in the United States district court to violation of the Mann act, by which congress made it a felony to transport women from one state to another for immoral purposes.

Both defendants were in court. The charges are:

First, that Diggs and Caminetti conspired to violate the act by transporting Marsha Warrington and Lola Norris, from Sacramento, Cal., to Reno, Nev., and second, that they did so to violate the act.

Judge Van Fleet set August 5 as the date for trying Diggs on the second charge. In addition, Diggs is charged jointly with Charles B. Harris of Sacramento, his attorney, with conspiracy to suborn perjury, in preparing his defense.

Demurrers to all the indictments were interposed by Robert Devlin, formerly federal district attorney here, as chief counsel for the defense. Theodore Roche, president of the San Francisco police commission and chief special prosecutor by appointment of Attorney General McReynolds, argued against the demurrers, all of which the court overruled.

GO BACK TO GOVERNMENT

Shanghai, China, July 30.—The chamber of commerce of Nanking telegraphed today to the military governor of the province of Kiang-Si and also to the number of high officials at Shanghai the following dispatch: "General Huang-Sing, the commander-in-chief of the southern forces, has left Nanking. The proclamation of independence issued there has been cancelled. The city is quiet."

A naval wireless dispatch today confirms the return of the city of Nanking to its allegiance to the northern government.

SECOND BIG GEM THEFT

J. H. Hanan of Narragansett Pier Has \$150,000 Worth of Jewels Stolen Friday Night—Robbery Precedes That at the Rumsey Residence

Narragansett Pier, R. I., July 30.—Jewelry worth at least \$150,000 was stolen from Shore Acres, the summer residence of Mr. and Mrs. J. H. Hanan, Friday night. The \$75,000 robbery in the home of C. C. Rumsey, son-in-law of the late E. H. Harriman, occurred on Saturday night.

Reports that the Hanans had been robbed were denied until today when Mrs. Hanan told the story of their loss. Mrs. Hanan is seriously ill and has been kept in ignorance of the robbery. An unwillingness to disturb him influenced his wife to withhold the facts until this time.

The articles taken included a diamond necklace, a pearl necklace, two diamond encrusted watches, a set of star sapphires surrounded by diamonds, a brooch and a pair of rare black diamond earrings surrounded by white diamonds.

A peculiar feature of the robbery was that some particularly valuable gems were left in the bureau drawer from which the others were removed. They could hardly have been overlooked and this suggests that the job was a hurried one.

Mrs. Hanan seldom wears the jewels and would not ordinarily have had them at Shore Acres. They had been brought over from New York at a time when she had expected to give her annual reception to Governor and Mrs. Pothier. The illness of Mrs. Hanan made it necessary to cancel the function.

The jewelry was taken from Mrs. Hanan's bureau drawer a few moments after she had left the house to attend a reception. The loss was discovered within thirty minutes but although three detective agencies have been working on the case since Monday morning, no tangible clue has been found.

Mrs. Hanan said that the servants, of whom there are about 25, had been eliminated in the investigation. With the exception of two butlers, who were engaged this year, all of those employed at Shore Acres have been with the family for years. The theory of motorboat thieves also has been dismissed as the shore of Block Island and sound, over which the house looks, is very rough and a small boat would have great difficulty in landing anywhere near the estate.

"I left the house on Friday for a church reception," said Mrs. Hanan, "leaving on my bureau several pieces of jewelry for my maid to put away, which she did. When I left the house the maid went to a spring not far from the house to bring some water to my room. When she returned, perhaps 20 minutes later, she found the bureau open and much of the jewelry gone. She notified me by telephone at the church and I immediately returned to the house. I at once telephoned to a detective at Providence and he arrived here Sunday morning. Five men are now working on the case. I don't suspect the servants."

It is believed here that the same gang of expert thieves who operated successfully here two years ago are again at work. The secrecy maintained for a time regarding the two

known losses has led also to reports of several other robberies, though the reports are vague and unconfirmed. Some time ago Mrs. Walter Ives of New York lost a pearl necklace said to be worth \$2000 while visiting at the summer home here of Douglas Pearce, Jr., of Providence. The loss was not discovered immediately.

ATTACKS ON GUARDSMEN

Calumet, Mich., July 30.—Governor Ferris' proposal for a conference at Lansing between copper mine operators and strikers was formally presented to the operators at a meeting in Houghton today.

General P. L. Abbey of the Michigan militia and Sheriff James Crane of Houghton county, represented the state, and James McNaughton and Frederick W. Deane, general manager of the Calumet & Hecla and Copper Range Consolidated company, respectively, represented the employers.

As had been predicted, the mine owners explained that under no circumstances would they take any action that even indirectly might be construed as recognition of the Federation of Miners; that the companies were willing to confer with their own employees, either individually or through committees, provided the men came to them as employees and that under such circumstances they could not see the necessity of asking the men to send representatives all the way to the state capital.

The mine managers said they were acting under orders received from their boards of directors in Boston. While the conference was in session, the strike bound managements were increasing their efforts to start surface and underground work. A goodly proportion of the shop employees of the Calumet & Hecla company returned to their tasks, pumps were started at the deep Red Jacket shaft and the work of draining the other conglomerate shafts was continued.

These activities, as well as similar work at other mines in the district, were conducted under heavy guards of state troops.

Many of the strikers have begun to show that the operation of the mine are trying their temper. The situation on the south range, where the Copper Range Consolidated interests are paramount, was especially threatening.

The troops there have been made the targets of many threats and insults and as a consequence several shots were fired at shadows in the early hours today. Such occurrences are particularly numerous about the Isle Royale powder houses, the guards taking no chances of any one getting close enough to explode the tons of dynamite and giant powder stored there.

RETURN FROM UINTAH FOREST

A. C. McCain of the operation department of the forest service returned last evening from the Uintah forest where he spent a number of days on a general inspection trip.

The forester states that abundant rains in that section has matured large crops and made the ranges the best in the country. The old Indian Reservation is being developed rapidly, the forester says, and some of the best farms in the state are now under cultivation. Irrigation companies have taken out canals and diverted the waters of the streams.

Mr. McCain visited Myton to negotiate the sale of the timber to be used in the building of the Moffatt road extension, if such extension is made.

ORGANIZING ON OVERLAND TRAIL

Believing that the Overland trail of the transcontinental highway is the logical route for a coast-to-coast route, highway and that the northern route is the favorite with automobilists, the Weber club is working to form an overland trail association made up of the towns and counties through which the road passes through Wyoming, Utah, Nevada and part of Colorado. A representative is now in Wyoming engaged in the organization work. Yesterday was spent in Rawlins, Wyoming.

It is the intention of the Ogdenites to bind all Overland cities into one association that shall have for its object the improvement of the roads connecting the cities. The plan is to have the Overland highway in an excellent condition so that when the Lincoln Highway association prepares to select the official route, the representatives of the Overland association can go to the committee and show that from the Wyoming line to California there is an excellent road foundation for the highway association. It is believed that with such evidence of road progress, the road through Wyoming, Utah, Nevada, to California will be officially declared a section of the Lincoln highway.

AGREE ON ARMISTICE

Peace Conference Between Delegates of Serbia, Greece, Montenegro and Bulgaria Results in Immediate Adoption of Orders For Cessation of Fighting

Bucharest, Roumania, July 30.—A five-days' armistice was agreed to today at a peace conference between the delegates of Serbia, Greece, Montenegro and Bulgaria.

CONDUCTORS MAY STRIKE

San Francisco, July 30.—A canvass has been completed here of the strike vote taken by the conductors and trainmen of the Southern Pacific railroad, but Vice President Gregg of the Order of Railway Conductors refused today to make the result known, and no information was available at the offices of the company.

Unofficially it was understood that the vote favored a strike, but that no ultimatum would be delivered while a chance stood open for further negotiations. A communication from the executive heads of the company was expected, it was said, at any moment.

SUIT IS OVER A BREACH OF CONTRACT

The H. C. Hansen company has commenced suit in the district court against the Minneapolis Motor company to recover \$240, alleged to be due on a breach of contract.

The plaintiff alleges that in September, 1911, it contracted with the defendant company for 20 motorcycles at a cost of from \$180 to \$300 each, to be delivered during the year 1912, and that \$200 was deposited to be applied as part payment on the machines as they were ordered, \$15 in advance on each motorcycle, but that the defendants have shipped only four of the machines as required in the contract, their still remaining in the hands of the defendant company \$240, which belongs to the plaintiff.

INVESTIGATING THE FORGERIES

Deputy Sheriff C. H. Clark of Utah county, with headquarters at Provo, is here to investigate recent forgeries. He will pay special attention to the work of J. Marcan who is in the county jail awaiting arraignment on a charge of forgery. He is of the opinion that the man forged some checks in Utah county.

Mr. Clark has recently been stationed at Tucker, the seat of the recent strike trouble, and he states that agitation has almost entirely ceased. The officers do not anticipate further serious trouble. The deputy says that the landing of several of the I. W. W. agitators in jail at Provo had a tendency to quiet them down.

TODAY'S GAMES

Yankees Shut Out White Sox.
New York, July 30.—(American)—R. H. E.
Chicago 0 4 1
New York 3 5 0
Batteries—Russell and Schalk; Fisher and Sweeney.

Pirates Beat Dodgers.
Pittsburg, July 30.—(National)—R. H. E.
Brooklyn 2 10 1
Pittsburg 5 9 0
Batteries—Ragon, Curtis and O. Miller; McQuillan and Gibson.

Games Postponed.
Boston, July 30.—(American)—Cleveland-Boston game postponed; wet grounds.

Washington, July 30.—(American)—Washington-Detroit game postponed; rain.

Giants Shut Out.
Chicago, July 30.—(National)—R. H. E.
New York 0 4 4
Chicago 5 7 0
Batteries—Tessera, Crandall and Meyers; Wilson; Cheney and Bresnahan.

Philadelphia 2, St. Louis 1.
Philadelphia, July 30.—(American)—R. H. E.
St. Louis 2 5 3
